Sewer service boost gets hearing tonight

Public outcry, if any, over the proposed 53 per cent increase in sewer service charges in the Valley Community Services District will be heard at tonight's public hearing on the VCSD budget in Dublin.

The 7:30 hearing, which will precede the normal VCSD meeting in the district offices, will allow residents of the district to make their feelings known on the proposed $1.4 million budget for 1975-76.

Aside from the sewer service charge increase of $2 a month — bringing the total cost to $5.75 — the budget stirred little controversy at a directors' workshop last week. Three directors indicated that they would support the increased rate at that time.

The sewer service charge increase was blamed on three factors by Finance Director Newell Cummings. He stated that inflation, underutilization of the sewage treatment plant and increasingly stringent environmental standards were the three main causes of the increase.

He also pointed out that although other sewage treatment districts may seem to have lower rates, that is only because they can transfer general tax revenue into funds to support the sewage program. VCSD must support its plant entirely through the sewer service charge and connection fees, which have dropped off sharply due to the building freeze.

Conservatively, the budget does not include the money that might come, frompassage of the 39 cent tax rate increase measure that VCSD residents will vote on May 27. Those funds would go into the parks and recreation department and finance the development of three parks and help support the aquatics program.

The Dublin Sports Ground, Boone Acres and Athan Downs would all be fully landscaped if the proposal receives a majority and the swimming programs at the Valley Community Swim Center and the San Ramon Olympic Pool would both be able to continue at their present level.

Both swimming pools operate in the red at present.

VCSD directors will also consider what to do with the Dublin Swim Center at Dublin Elementary School. The old facility is in need of repairs and no agency has yet come forward with the money to fix it up.

In its present state, it is dangerous so some kind of resolution of the problem will have to be made.

Some of the more whimsical suggestions include filling it with concrete, making a large terrarium or simply putting sharks in it to discourage unauthorized swimmers.

RWQCB hears Diamond-A

OAKLAND - The Regional Water Quality Control Board will again consider discharge requirements for Bill Apperson's proposed Diamond A Guest Ranch today — and indications are this will be the last time that item will come before the board.

The RWQCB first adopted requirements for the project last May but, after two Sierra Club members had petitioned the State Water Resources Control Board, that parent body ordered the RWQCB to reopen its consideration.

The state board told the regional board to review those discharge requirements in light of "all" of the environmental impacts of the project

At the April meeting of the RWQCB, board members expressed a reluctance to involve themselves in a review of land use, fearing it would set a dangerous precedent for future deliberations.

Consequently, the board did not hold a full public hearing on the environmental impacts of Apperson's project but asked for clarification of the state board's order.

A spokesman for the regional board said the state board's response to that request states the RWCQB "must consider" the effects of wastewater discharge and "may consider" all of the project's environmental impacts.

The spokesman added it is not clear whether the regional board will hold a public hearing at today's meeting or whether the board will simply determine the Environmental Impact Report prepared on the project is testimony enough.

The Apperson matter will be considered by the board at 2 p.m. today in the State Building, 1111 Jackson St.

Supervisors may ask ABAG to rescind New Town stand

Alameda County Bureau

OAKLAND - The Alameda County Board of Supervisors will consider asking the Association of Bay Area Governments to rescind its action on Harlan Geldermann's proposed Las Positas New Town at today's meeting.

Chairman Fred Cooper, who resigned his position on ABAG's Executive Board in protest following that body's decision to take a stand in opposition to New Town, will ask his fellow supervisors to draft a letter asking ABAG to reconsider.

Specifically, Cooper is speeking board approval to send a letter to ABAG which asks them to "rescind the resolution...on New Town" and to delay "further consideration of the Las Positas issue until ABAG can consider at the same time a master plan and implementation procedures approved by the Livermore City Council and the special plan and implementation procedures approved by (the Alameda County Board of Supervisors) for Las Positas."

The supervisors will also hold a public hearing on methods to improve mental health services in the county's criminal justice system.

Among the preliminary recommendations are: establishment of a 15-bed psychiatric inpatient unit in a secure area at a county hospital; establishment of a holding unit within the Santa Rita infirmary area; Establishment of a system for after-care services; establishment of an Inter-Agency Coordinating Council; and improvement of psychiatric screening and evaluation services.

The board will also set a public hearing date for Televue's request to increase Cable TV rates in the Dublin and Sunol areas from $5 to $5.75 a month. Rates in Pleasanton and Livermore were increased to $6 a month last year by the city councils of those communities.

Other items on the agenda include a recommendation from the Historical Landmarks Advisory Committee that Fallon House be designated a point of historical interest; and recommended approval of an allocation of $184,674.01 in gas tax funds to the City of Livermore.

The supervisors meeting begins at 9 a.m. today in the Alameda County Administration Building, 1221 Oak St.

LAVWMA talks on sewer set

LIVERMORE - The Livermore-Amador Valley Water Management Agency will discuss Pleasanton's stated position of not accepting state grant money for sewer expansion if it involves stringent growth conditions at Wednesday's meeting.

LAVWMA will also discuss population projections prepared by the State Water Resources Control Board and a proposal by the City of Livermore to reserve capacity in its sewer plant for industrial and commercial developments.

In addition, the agency will appoint committees for Facilities Capacity and Mitigation Measures, appoint a board member to act as liaison with the East Bay Dischargers' Authority and review last week's workshop on the Environmental Impact Statemdnt being prepared.

Other items on the agenda include staff reports on Technical Advisory Committee meeting; 208 designations by the SWRCB; Corps of Engineers Urban Study; the status of SWRCB grant conditions on air quality; Coordinated Valleywide Monitoring Program; and the Regional Water Quality Control Board response to the LAVWMA letter on program schedules.

The LAVWMA meeting will begin at 5 p.m. Wednesday in the Department of Public Works conference room at Livermore City Hall, 2247 First St.

Planners consider rezoning, tract maps

LIVERMORE - Planning commissioners will consider a rezoning application for a convenience market and two tentative tract maps in Wagoner Farms at their meeting tonight.

The city planning staff has recommended that both orders of business be denied.

Commissioners will meet at 7:30 p.m. to discuss these and other matters in the Municipal Court Chambers, 39 S. Livermore Ave.

A public hearing will be held on the rezoning application of Noe Trevino, who wants to construct a convenience market southwest of the intersection of North Livermore Avenue and Chestnut Street.

The area now is zoned for medium density, residential, and Noe is requesting the land be zoned central business.

The area under consideration is 10,000 square feet of vacant land.

Denial of the rezoning request, which in turn would put an end to the hopes of a market on the land, is recommended by the city staff. The basis for the denial is that the new zoning would not be in conformance with the existing General Plan or specific plans.

Staff also notes that either approval or denial of the application may be premature in light of the fact the city has hired a consultant to prepare a new specific plan for the downtown area. As such, it also recommends that the matter be reconsidered at the commission's first meeting in September, pending completion of the new downtown plan.

Also recommended for denial by the staff are two tentative subdivision maps, one for the area north of Joyce Street and one north of Katrina Way.

They are being submitted by subdivider Kay Building Company. The owner of record is Christopher Land Company.

The tract near Joyce Street would be 33 single family residential dwellings on 11 acres; near Katrina Way, 13 dwellings on 4.3 acres.

Although staff suggests the maps be considered by the commission at its June 3 meeting, it also recommends their denial.

There are a number of reasons for this recommendation, one of them being a lack of school and sewage treatment capacity.

Also noted are nonconformance to land use and density requirmements of the city's zoning ordinance and unsatisfactory street alignments.

Commissioners also will consider two referrals from the Alameda County zoning administrator. One is for a sign variance request by the Exxon Company, at Portola Avenue near Murrieta Boulevard, and a building site reduction at 2496 Vasco Road.

Pleasanton CC may join suit

PLEASANTON - The Chamber of Commerce has sent a telegram to Governor Edmund G. Brown, Jr. stating it plans to join the State of California as an amicus curiae in the litigation filed by the Sierra Club over the widening of Interstate 580.

No agreement has yet been announced in that suit, although negotiations among the state, federal government and Club are proceeding.

The Sierra Club filed suit April 15 in an attempt to block the proposed widening from four to eight lanes for environmental reasons. The state has delayed the scheduled bid opening for that $110 million project for one week, until May 28 because of that litigation.

The chamber's telegram, which was sent Friday, "deplores and condemns" the Sierra Club's attempts to "defeat" the freeway widening. The chamber also reaffirms its support for widening the 10-mile Dublin Canyon stretch to eight lanes.

Judge finds Barte guilty of voluntary manslaughter

OAKLAND - Helga A. Barte, accused of slaying her two children Dec. 6, was found guilty of two counts of voluntary manslaughter yesterday when Alameda County Superior Court Judge Samuel Golde declared her legally sane at the time of the murders.

Judge Golde set Jun. 26 for sentencing the 36-year-old Dublin housewife. She faces a maximum 15-year sentence on each count.

Barte was accused of drowning her one-year-old daughter, Nicole, and stabbing her son Craig, 6, in their 7331 Hansen Dr., home.

Her attorney, public defender Albert Wax, entered a plea of not guilty by reason of insanity, and waived a jury trial in favor of pleading the case directly before the judge.

Judge Golde said she committed a "Medea-like act. She acted out of rage and anger and in effect was killing her husband, who was seeking a separation from her."

"I am disappointed (by the decision)," Wax said, adding, "I respect and accept the decision of the court. It was a difficult decision to make."

Four psychiatrists testified for the defense, each claiming Barte was suffering chronic schizophrenia.

Deputy District Attorney Tom Orloff presented one psychiatrist at the trial who alleged she was suffering from massive depression.

She was scheduled to return to Germany the day after the murders, and was distraught over the future of the children.

Probationary officers will review Barte's case before Jun. 26, and present their recommendations to Judge Golde.

Wax would not speculate on the judge's impending decision, but noted "the sentence is really open."

Her sentence may range from simple probation or probation with the stipulation of confinement in a mental institution, to the maximum sentence in the state penitentiary.

"I hope the judge is sympathetic and understanding, and takes into consideration her long history of mental troubles," Wax said.

Strike threatens weekend water sport

Use of aquatic centers throughout the East Bay Regional Park District over the Memorial Day weekend appeared very much in doubt today as impact of that strike by district employees continues to spred.

Del Valle Lake, south of Livermore, and Shadow Cliffs Park, east of Pleasanton, are among the popular water areas threatened by the strike, now in its 47th day. When some 40 lifeguards employed by the park district refused to work over the weekend, the EBRPD was forced to fire many of them, and start recruiting for replacements. Only if trained guards can be found will the water areas be open to the public, the district's general manager has stated.

Members of the park district's board of directors met again last night in closed executive session in a new attempt at finding common ground with the American Federation of State, County and Municipal Employees, Local 2420.

Winners from the Northern California finals will compete in San Jose June 17 with winners from California, Nevada and Hawaii.

THE BIG APPLE (PLANTER)

SKOKIE, Ill. (AP) — Yes, everyone, there was a "Johnny Appleseed" ... The legendary planter was really John Chapman, a pioneer evangelist who hoped to convert the Midwest wilderness into one vast apple orchard.

They like the Snake Flag best of all

Elementary school students throughout Pleasanton have been learning all about their nation's early history this past week, and loving every lesson. As part of the Pleasanton Bicentennial Committee's distribution of the Betsy Ross Flag to city schools, a pageant is staged during which "all 32 flags which once were hoisted on this soil" are paraded before the student body. There is a brief story which each flag . . . ranging from the first Viking arrival on this land, through the Spanish, Mexican, English, French and even Russian claims to a portion of what is today the these United States. The students usually give a special cheer to the American Flag with 31 stars — "when California was admitted to the union." But the most popular flag is that which warns — "Don't Tred On Me!" — a motto once proclaimed by the United States Marines as evidence of Uncle Sam's new - found pride.

Campus smoke talks tonight

PLEASANTON - Whether high school students at Amador Valley district schools will have special smoking areas on campus setup receives initial exploratory discussion at a meeting scheduled tonight.

A recently named legislative review panel, consisting of parents, teachers, students and administrators from within the Amador district, will convene in the Pleasanton Elementary School library at 7:30 p.m.

At a board of trustees meeting May 13, the committee was formed in order to review Senate Bill 171, by Sen. Arlen Gregorio, permitting school boards to adopt rules and regulations permitting smoking on high school campuses. This committee is being asked to determine the ramifications of this legislation. Panelists have been asked to come to the meeting with a list of three to five obvious advantages and disadvantages of this legislation.

Other parents, administrators, teachers and students are invited to attend the meeting.

The Amador board has the final authority to determine if any such smoking areas will be setup on district campuses.

Language no barrier at Portola production

LIVERMORE - The stage was brightly decorated with garlands, balloons, hammocks, sombreros and a big pinata as the second - graders at Portola School began a performance almost entirely in Spanish.

"Children are our best ambassadors of goodwill," announced teacher Claudette Velarde.

"Language is no barrier to them," she said.

The seven - year - olds proved it, delighting their youthful audience as boys paraded through the aisles with balloons and girls chanted "Flores! Flores!" carrying armsful of flowers.

The production started out with a Spanish dialogue, followed by a play, "Fiesta de Ninos."

Miss Velarde explained to the audience that the play was meant to broaden the children's knowledge and understanding of other children's cultures and customs and, most of all, to promote kindness and friendship to people from other nations who come to the United States seeking our welcome and goodwill.

The girls, attired in pretty ruffled skirts, danced while boys, wearing bright and colorful ponchos, surrounded them clapping their hands.

Later they engaged in the game of shattering the pinata.

At the closing of the last scene, they sang "Vaya Con Dios" as their farewell.

Although the play was mostly in Spanish, some English was spoken for the benefit of the audience.

Assisting the tots with the production, besides Miss Velarde, were Mrs. Linda Hansen, Fernando Trcka and Mrs. Julie Velarde. Student performers were: "tourists," Mike Gelber, Debbie Jordan, Christine Bishop, Scott Braucher and Kimberly Ulery; "Guide," Clayton Rose; "Amigo," Scott Dean; "Balloon boy," Isaac Leal; "Flower girls," Tanya Fletcher, Tana Schield and Robin Jones; "Dancing Girls," Tana Schield, Debbie Jordan, Kimberly Ulery, Tanya Fletcher, Susan Hartley, Christine Bishop and Ronda Taylor.

Eight Million Suffer From Migraine

Is it true that migraine headaches cause brain damage?

If you suffer from migraine you have enough trouble without worrying about brain damage - and there is no evidence that brain damage ever results.

Migraine accounts for a frightful number of headaches, and the number of sufferers in the United States alone is estimated at from 2 million to as high as 8 million.

Migraine is the "sick headache" type — classically, on one side of the head, but generally so severe as to leave you no choice but to suffer through it. There is nausea, extreme sensitivity to light, sometimes disturbances of vision, occasionally head noises, and other odd symptoms, besides the headache itself.

It is also noted that as many as half the children of migraine sufferers also have this trouble to some extent. It is also observed that sufferers usually are of intense, perfection types, and periods of stress trigger attacks. In some cases allergy seems to be involved, and some patients say that chocolate bothers them.

In addition, if a person feels himself becoming tense and "all wound up" a deliberate effort to relax and let things slide, instead of maintaining the pressure to accomplish too much, helps.

Knowing these factors can be helpful avoiding migraines. But once a migraine has started, there is little to do but rest quietly and try to relax.

It is also known that strong drugs should not be used but staying in a darkened room or covering the eyes with a cloth to shut out light often helps some.

The only truly effective course is to try and prevent these headaches instead of trying to find a remedy after they have started. Specialized chiropractic care is the choice of an ever increasing number of migraine sufferers.

Some of the most thrilling and truly rewarding professional experience I've had in chiropractic have come when an ex-migraine sufferer tells me that he or she has kicked the migraine habit.

Help for women left on their own

A significant piece of legislation for California women sponsoredby Senator Jerry Smith is aimed at easing the plight of women who have been economically dependent homemakers and suddenly find themselves on their own.

Senate Bill No. 825 provides job training, counseling, health care and other services for the "displaced homemaker."

The bill, now in committee, was prompted by such statistics as:

—Seventy-five percent of California welfare recipients under the major aid programs are women.

—The mean family income for female-headed families in California is $6,527. For all families the average is $12,227.

—California women 16 years and older earn an average income of $4,500 a year, whild men in the same age bracket earn $9,353.

—The median income for women 65 and older is $1,811. For men 65 and older, it is $3,328.

July 4th picnic opens celebration of Bicentennial

The Livermore Bicentennial Organization this week tied up some loose ends of past business and revved up for the future.

Meeting Wednesday night in the Carnegie Building, LBO members decided to start the year-long celebration of America's 200th birthday by participating this year in the July 4 family picnic and parade at May Nissen Park.

Ways and Means chairman Hugh Ellsaesser is gathering a group of volunteers to man a food concession booth at the Rincon Avenue festivities site.

In their report, publicity co-chairmen David and Jolene Abrahams noted they are in the process of contacting Livermore civic and fraternal organizations of all types to spark their interest in bicentennial events. The Abrahams said they hope soon to have a brochure describing the information packets available, including slide shows, and outlining the proposed calendar of events for the July 4, 1975 to July 4, 1976, period.

Organizations contacted also will receive a questionnaire as a means of further stimulating bicentennial ideas and projects.

Heritage Committee chairman Janet Newton aid docents still are needed for the museum and history center in the Carnegie Building. And she noted the idea of compiling Livermore area family histories is being pursued.

But another LBO project may now be dropped, Miss Newton said. The local group had planned to publish and sell a booklet describing the historic Anza Expedition through California and relating the trek's role in Livermore Valley history. The California Heritage Guides program however, is, producing a book on the same subject which will be sold throughout the state.

Nevertheless, LBO member Barry Schrader will be coordinating Alameda County participation in a celebration of the Anza Expedition. That will be in April, 1976, and will likely be tied in with the occasion of Livermore's incorporation, it having become a city April 30, 1876.

The LBO membership Wednesday night commended student Susan Bock for her help in selling Bennington '76 commemorative flags.

The group also formally expressed its thanks to LBO co-chairmen Gib and Marj Marguth and the members of the steering committee for their work in winning necessary city council approval of the organization. Official state recognition of the Livermore group is expected within six to eight weeks, Marguth noted.

Guest speaker for the evening was Dorothy Nielsen, chairman of the Livermore Heritage Guild's on-going project to restore old May Nissen School.

The public is invited to the next LBO meeting, June 11 at 7:30 p.m. in the Carnegie Building, when the group's slide presentations will be previewed.

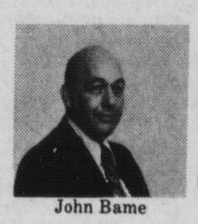
Shell Information Series:
Gasoline

I can help you buy the right gasoline, even if it isn't Shell.

By John Bame, Shell Senior Staff Engineer



John Bame

All of your car's problems may not be mechanical. A change in gasoline could be all you really need.

Ever notice how some people name their cars as if they were pets? Or think their cars have special quirks? There's good reason for this. Cars really are individuals. Even two cars of the same make and model can react differently to the same gasoline. The differences can cause some irritating problems.

Like a fingerprint, every car has individual characteristics.

Problems that seem mechanical but often aren't

Small problems in your engine's performance are often fuel-related, rather than mechanical.

The solution may well be in the gasoline you use.

First the problems:

Stall-out: Your engine keeps dying before it's had a chance to warm up.

Hesitation: While your engine is warming up, it hesitates or stumbles when you step on the gas.

Engine knock: You hear a knocking sound when you accelerate.

Run-on: Your engine chugs on after you've turned off the key.

The first two problems may be helped by a gasoline with *better driveability.* The last two can be helped by *higher octane.*

Octane numbers explained: Octane numbers measure a fuel's ability to resist knock in an engine. But different engines run with different degrees of severity. The two laboratory engine tests used to rate gasoline octane reflect this difference.

The Research octane test is run with the engine operating under mild conditions. *The Motor octane test* is run with the engine operating under severe conditions, and gives a lower octane number.

The degree of severity under which your car's engine operates probably falls somewhere in between.

Driveability explained: Gasoline is made of many different ingredients which vaporize at different temperatures. When the engine is cold, some gasolines do not vaporize as well as others. This can lead to the driveability problems I mentioned, like stall-out and hesitation.

Gasoline is a mixture of many hydrocarbons. How they are blended can affect your car's performance.

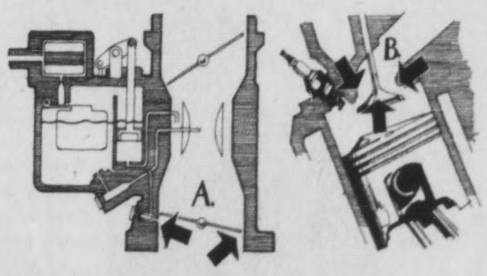
Gasoline to the rescue

If your engine knocks, and is in tune, first try a couple of tankfuls of a different brand of gasoline of the same grade. This can work if you find a combination of Research and Motor octane more suited to your car. If your engine still knocks, then you might try a higher octane gasoline.

If your engine runs on, and is in tune, the same suggestion applies.

If your engine stalls out or hesitates and is in tune, you may need a different gasoline, one blended for better driveability. Different gasolines do have different driveabilities.

A problem you can't see: deposit build-up



Where deposits from gasoline build up. A. The throat of the carburetor. B. The intake manifold and valves.

Gasoline can cause deposits to build up in your carburetor until they eventually rob you of mileage. Almost all of today's gasoline has a detergent additive to help prevent this problem.

The better additives work throughout the entire inlet system both to clean it up and keep it clean. To find out if your gasoline has this type of additive, write the supplier.

Unleaded gasoline – a more limited choice

Even a brand new car can have stall-out or other driveability problems, as well as knock. If you drive a 1975 car that must use unleaded fuel, your choices are more limited than with cars that can use leaded gasoline.

Though most unleaded fuels are only slightly over the government's minimum requirement of 91 Research octane, some are significantly higher. It's a matter of finding them. Unleadeds can vary in driveability, too. So shop around.

FACT or MYTH?

Test yourself

You may have heard some of these things and wondered if they were true. Now you'll know.

1. "Letting the engine run a few minutes will burn less gasoline than starting it up again."
Myth. You're generally ahead if you turn off the engine when stopping for more than a minute.

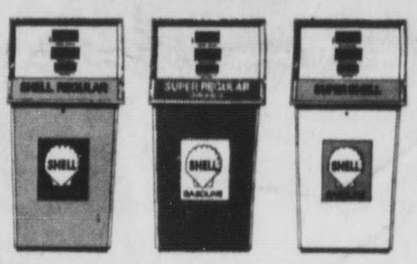
2. "High octane gasolines always give you better mileage and save money in the long run."
Myth. More octane than you need will not increase your gasoline mileage.

3. "Taking the lead out of gasoline should make it cheaper."
Myth. Lead anti-knock compounds are actually cheaper than the high octane hydrocarbons needed to replace them.

4. "The same brand of gasoline will be blended differently for different areas."
This one is a fact. Gasoline blends are generally adjusted to maintain constant performance at different altitudes and in different climates.

Are you a Shell customer?

Here's what to expect from each Shell gasoline



Shell Regular: Our lowest-priced leaded gasoline, with good detergent properties. About 93-94 Research octane. Well over half our customers use it.

Super Regular Unleaded: Our mid-priced gasoline, with good driveability and excellent detergent properties. About 94-95 Research octane. Blended to deliver top-rate performance in 1975 cars and with high enough octane for seven out of ten cars already on the road.*

Super Shell: Our top-priced leaded gasoline, with good driveability and excellent detergent properties. About 99-100 Research octane. Blended for top-rate performance in pre-1975 cars that require high octane fuel.

Tips: If you use Super Shell, give Super Regular Unleaded a try.* You could save money.

If you use Shell Regular and have driveability or run-on problems, try Super Regular Unleaded* before going all the way up to Super Shell.

*Unless your owner's manual says your car can operate exclusively on unleaded gasoline, use one tankful of Super Shell in every four or five to protect valves against excessive wear.

Any questions? Write me.

If you have any additional questions, write John Bame, Shell Oil Company, P.O. Box 61609, Civic Center Station, Houston, Texas 77208.

JUDGES AND ENTRANTS MINGLE IN THE K-6 PROBLEM SOLVING FAIR AT NIELSEN SCHOOL

MESD students dazzle judges at 3rd Problem Solving Fair

There were problems everywhere at the Third Annual Murray Elementary School District Problem Solving Fair, but solutions, at least for the judges, were hard to come by.

Students at each of the nine MESD schools had prepared projects based around problem-solving. That is, the student was to come up with a problem and then solve it.

There were three categories — applied science, creative arts and behavorial science — and three age groupings — first through third, fourth through sixth and intermediate. The primary grades were judged at Nielsen School while the intermediate students were checked out at Wells School.

The topics of the projects ranged from puppet shows and radish seeds to the Loch Ness monster and silk screens while the judges ranged from teachers and scientists to newspaper reporters.

The winner of the primary applied science division was Mei Lisa Denise Thomson of Lydiksen for her project on laser beams. Wendy Earl of Nielsen was second with a problem involving radish seeds and Tammy Hatfield's display on machines and wheels earned third place Nancy Groves, David Common and Barbara Scheppler all received honorable mention.

In creative arts, Lydiksen's Gina Jones tied with Bill Bush, Lisa Johnson, Marie Castelluccio, Jason Forrest, Debbie Hopper and Jennifer McHugh of Fallon. Jones made an Indian pottery bowl while the Fallon group made a home movie.

Tamara Wilkerson of Lydiksen was second with a project on material for skirts and Scott Blanton and Katherine McVicar earned honorable mention.

In behavorial science, Robin Rudd and Tracy Benhamou charted the life cycle of a fish to take first place back to Murray School while Wendy Silveria's project on Japanese culture and Alicia Bower's display on smoking tied for second.

In the fourth through sixth grade applied science competition, Sheri Dutcher and Anne Marie McHugh of Fallon School took top honors with their project on probability while Todd Vitale of Fredericksen and Pat Bacher of Fallon tied for second. Vitale's project concerned the fat content of various foods while Bacher worked with electricity.

Nike Warren of Fredericksen and Kelly Thompson of Cronin tied for third with displays relating to electricity and David Elrod and Jeffrey Hobbs made honorable mention.

Tawny Collins and Laura Davis tied for first in the creative /arts division. Collins of Cronin worked with origami while Davis of Lydiksen displayed her leaded glass project.

Yvonne Lasserre of Fredericksen and Myrtle the Fluffly Turtle took second and Jeff Rasmussen and Jim Tolle grabbed third with a puppet show. Colleen Woodward received honorable mention.

Brian Williams, David Parker and David Woodward captured first in behavorial science with a project on plant growth. Laurie Morley of Lydiksen and her reaction time display tied with Jill Baldasaro of Cronin's bird project.

At the intermediate level, Steve Hobbs and Dan Lambert, both of Wells, tied for first in the applied science division. Hobbs' display was on life support systems in outer space while Lambert worked with computers.

Charlene Schellizze of Wells tied for second with Susan Ferreira and Tricia Gilbert of Nielsen. Schellizze's display centered around space flight while the two Nielsen girls analyzed optical illusions.

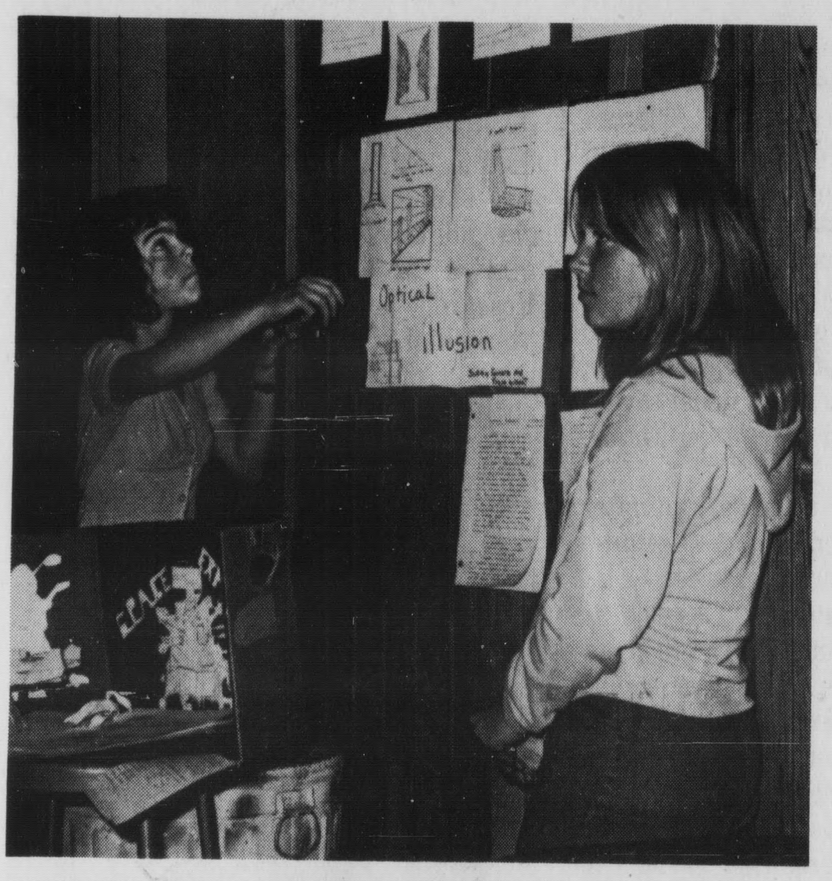
In the fine arts, Gary Schwaegerie of Wells took top honors with a turquoise ring cast using the lost wax method while Jackie Alcalde of Wells tied him with an origami display.

Tracy Adams of Wells landed second with a silk screen effort, Lillian Durham followed with an oil painting and Steve Kinyan and Shereee Savage both earned honorable mention.

Eric Vollbrecht of Wells captured the top spot in behavorial science with a project on the effect of color on hamsters running a maze and Linda Earl of Nielsen took second with a display on PCP.

Brent Pickett, Brent Alexander and Mark Moore of Nielsen took third with a rundown of the semi-mythical "Bigfoot", "Sasquatch" and Abominable Snowmen.

Mike Norman of Wells took the industrial arts category for his work on a clock, while Joe Rodriguez, Greg Flaherty and John Nikischer trailed with similar projects.



SUSAN FERREIRA CHECKS THE EXHIBIT WHILE TRICIA GILBERT WATCHES OUT FOR JUDGES.

by Bernice Bede Osol

For Tuesday, May 20, 1975
ARIES (March 21-April 19) It's to your advantage to treat others as diplomatically as possible today if you hope to achieve your ends. Be patient, tolerant.

TAURUS (April 20-May 20) You'll start with a full head of steam today, but soon as you run into resistance you'll throttle-down considerably.

GEMINI (May 21-June 20) Opportunities presented to you today will lose some of their luster if you don't follow through promptly.

CANCER (June 21-July 22) You may do something today out of spite or anger that will be as damaging to you as it is to the other guy.

LEO (July 23-Aug. 22) Something you'll hope to accomplish today will suffer a temporary setback. Don't be dismayed. You'll work it out later.

VIRGO (Aug. 23-Sept. 22) If you're too selfish in your dealings today, others will be very reluctant to be involved with you in the future.

LIBRA (Sept. 23-Oct. 23) Be prepared to switch tactics today on the spur of the moment if you see you're not getting the results you counted on.

SCORPIO (Oct. 24-Nov. 22) Watch your step with co-workers today. Try not to team up with one who does things in a hasty, careless manner.

SAGITTARIUS (Nov. 23-Dec. 21) You're likely to have your priorities in the wrong order today. Put productive things first, pleasurable ones last.

CAPRICORN (Dec. 22-Jan. 19) You'll rise to the occasion today when you meet with opposition. Instead of intimidating you, it will strengthen your resolve.

AQUARIUS (Jan. 20-Feb. 19) Don't be too loose with your resources at this time. It's easier to take it out of the bank than it is to put it back in!

PISCES (Feb. 20-March 20) Be careful you're not drawn into a situation today where someone else's burdens suddenly become yours.

Your Birthday

May 20, 1975

You may experience some changes this year in your work or career. They may not appear to be advantages, but as time unfolds you'll see their possibilities.

Anyone can take a trick with an ace. Almost anyone can put his kings, queens and jacks to work. The expert goes further and works with 10's, nines and sometimes even lower cards.

South's normal tendency is to play the king or queen of spades from dummy at trick one. East will take his ace and undoubtedly will shift to the king of clubs. Later South will get to discard either a diamond or club on dummy's other high spade. But that one discard will be completely useless and the defense will score another victory.

South can make the contract easily by just putting the nine and 10 of spades to work.

He plays dummy's deuce of spades at trick one. East wins a cheap trick with the jack and shifts to that same king of clubs.

South takes his ace; plays the king and queen of trumps. He overtakes the queen with dummy's ace and leads dummy's king of spades.

East can do no better than to play his ace. South ruffs, enters dummy with a third trump and discards two clubs on the two good spades. He still loses two diamond tricks, but he has made the contract.

Prieto, Gaels say goodnight to Mustangs

Those zany Dublin High Gaels, ranting and raving to the last gasp, added an improbable climax to an uproarious baseball season yesterday, defeating Monte Vista, 1-0 in the replay of that 18-inning tie a month ago

Dublin, which has faced up to ejection, suspension and forfeiture in a crazy-quilt tumble to the second division this year, discovered a new concept yesterday, the spoiler's role.

The Gael victory erased Monte Vista's last chance for an EBAL pennant and a berth in the North Coast Championships beginning Thursday.

Instead of a title tie with Livermore High, the Mustangs wind up deadlocked in second place with San Ramon

The Cowboys will go in search of the North Coast championship Thursday at 4 p.m. when they open with Alhambra High at St. Mary's College.

The Gaels will retire to a rest home to fathon what happened this season. They entered yesterday's game with just 10 players, the result of player revolts during the year.

And they expected to play but a few innings as the conclusion of that 18-inning, 2-2 tie April 18.

"But when we got out here," according to Dublin coach Tom Mullican; "George (Monte Vista coach George Cockerton) said we were playing the whole game over. So we went in and asked the athletic director about it, and he said that was right."

"I found out about it 15 minutes before the game," said winning pitcher John Prieto, who threw a three-hitter at Monte Vista "So I just warmed up a little longer."

The replay was the result of an agreement reached between Monte Vista principal Sam Zackheim, and Dublin's Bob Hagler, according to Wong.

It was almost left to the EBAL's board of governors to decide when Mullican protested in the fifth inning. That was when Dublin's Craig Chairpotti crossed the plate with what appeared to be the game's first run.

But the umpires ruled that Mullican, who was coaching third base, interfered during the play. His location near third base lured Monte Vista's Kevin Johnson into a wild throw, the umpires concluded, when in fact, no one was covering the bag.

Mullican upbraided both umpires from that point on until Prieto finally set the Mustangs down in the seventh inning.

Dublin won the contest in the bottom of the sixth after Prieto reached first base on an error.

He immediately stole second, and took third on Chairpotti's sacrifice bunt.

Dave Anderson struck out attempting to squeeze Prieto home, then Jim McCuaig connected. McCuaig, who had been swinging late all day against losing pitcher Greg Goodman, yanked a pitch between third base and shortstop with two strikes to score the run.

McCuaig, a .300 hitter with only one run-batted-in before yesterday was resolute as he stood in against Goodman. "When he got two strikes, I choked up," McCuaig said. "I said he was not going to get another one by me."

The screaming didn't subside with McCuaig's crucial rip, but instead reached a crescendo in the top of the seventh inning.

With one out, Prieto plunked Chris Hadsell with a curve ball to the shoulder, apparently placing the tying run at first base.

Hadsell merely dipped his lead shoulder as the pitch neared, and Mullican roared that the batter hadn't made an honest escape effort.

The umpires agreed, which touched off Cockerton on a brief flurry.

Prieto ignored the bluster and struck out Hadsell, then retired Goodman to end the game.

He pitched a courageous game, stranding two Mustangs at third base, and three more at second. He struck out four and walked one.

"Our kids were loose, they had nothing to gain in this," Mullican summed up, "and of course Prieto pitched another game like he always does.

"Some people think he's not a good pitcher because he allows a lot of base runners. But watch him when the man gets on," Mullican said. "Then he gets tough."

Monte Vista's Goodman pitched well in his only start of the EBAL campaign. He allowed just two base hits, and the only run was unearned.

Ace Chris Dudley warmed up briefly in the Monte Vista bullpen, but did not pitch .

Perry, Stoddard win Booster Club awards

Wayne Perry of Livermore High and Bob Stoddard of Granada High were named winners of the 26th annual Livermore Boosters' Club awards, as the 1974-75 athletic year came to its symbolic end last night at Marilyn Avenue School in Livermore.

Perry, a three-sport athlete, took a triple crown of sorts as he also won Cowboy team awards for football and soccer.

A third baseman and pitcher, Stoddard also won the Granada team award for baseball.

One other athlete received two awards. Mike Ramil, who kicked two game-winning field goals for the Matadors during football season, took the football team award and the soccer prize.

Other Granada team awards went to Dave Campbell (basketball), Jeff Cowling (cross-country), Keith Texiera (wrestling), Mike Fracisco (tennis), Danny King (track), John Rizzo (swimming), and Bill Bieber (golf).

Other Cowboy recipients included Ed St. Clair (basketball), Boyd Tarin (cross-country), Doug Pope (wrestling), Don Jenkins (tennis), Rich Sessions (track), Jim Volponi (swimming), Neil Zurakowski (golf) and Keith Richardson (baseball).

Other finalists for the evening's major awards were Livermore's Greg Edwards, Ron Foreman, Dan Payne and Pope. Had Payne won, he would have duplicated his brother Mike's 1973 honor.

Other Matador finalists were Bob Felicitas, Rich Guttierrez, Jay Strickland, and Ramil.

Mike four-hits Sunshine

Rich Mansfield was staked to a 3-0 lead after an inning and a half, and he held on for a 3-2 win as C. Ridolfi beat Sunshine Greeting Card in the Livermore National major league.

Mansfield pitched a four-hitter.

He, George Yawornisky and Frank Bamford drove in runs.

Emperor's Garden defeated the Eagles, 7-4, aided by Marc Stewart and Dan Pesik, each with three RBI's. Terry Moran played well at shortstop.

Air-Con crushed Country Market, 15-1, as Ben Breazeal and Brian Petelitti pitched a two hitter. Marshall Martinez and Peteletti drove in three runs each.

Palomart scored twice in the last of the eighth inning to edge the Elks, 10-9. Steve Peary caught two balls at the center field for the winners. Larry Cullens did manage his fourth homer of the year, however. Walter Hawkins drove in three runs for the winners.

A&W took Bill Dixon Chevron of the minor leagues, 12-6. Dave Cornell drove in five runs. Jeff Lamber had three RBI's, and Joe Hasley, two.

Side Pocket blasted the Foresters, 18-8. John Mills, David Torres and James Norwood all had two hits for the losers.

The farm league's Kentucky Fried Chicken beat Hutka, 15-11. Jeff Manchester and Joe Clark had four RBI's each.

Livermore American

A nine-run fifth inning vaulted Straw Hat Pizza to a 16-10 Livermore American major league victory over Burton's Shoes Saturday.

Steve Baxter and Bob Vandevanter drove in three runs each for Straw Hat. Dave Brown doubled, singled and homered.

Jerry Sandoval was the defensive kingpin.

Tim Brooke drove in three runs, and Pat Ceruti, two, for Burton's.

Jersey Crown of the farm league defeated Bob Parts, 17-6. Roger Marsh homered. Pat Kennedy played well at catcher.

Granada

VFW came up with three runs in the top of the fourth inning, and held on to beat Serv-Pro, 3-2, in Granada major league baseball.

Doubles by Robert Giachello and Bob Ohlson aided the winners. Matt Robison singled twice. For Serv-Pro, Rod Whitlatch tripled.

Groth Bros. rolled over Columbus Realty, 13-5, pounding out 16 hits. Rich Mueller homered. Pat Morgan drove in three runs. Steve Johnson had two RBI's for Columbus.

Tim Weninger clouted a two-run homer and Steve Aguiar drove in three runs to spark Red Wing Shoes past Corrine's, 11-4. John Petlansky doubled. Ray Macias drove in two Corrine's runs.

Granada Pharmacy's Fred Stayton drove in four runs, and Danny Heller, two, in a 12-5 rout of Granada Shopping Center.

Livermore Police crushed Sunset Homes, 20-5, with Bill Replode and Bret Chandler each collecting three base hits. Jason Webster drove in two runs.

David Jackson and Brent Graham combined to blank Granada Hardware as Livermore Locker earned an 11-0 triumph. Dan Dremalas drove in three runs. Mike Lynn doubled home another.

A Stewart Serpanchy triple, and doubles by Jeff Murray, Roger Gallant and Dave Finster propelled Acme Trophies to a 10-7 win over Valley Bank.

LLLRA rocked Alden Lane Nursery, 13-5, on Dave Nickerson's five RBI's. Dan McKay tripled.

Sports in brief

Nelson named MV grid coach

Jim Nelson was named head football coach at Monte Vista High School yesterday, replacing Derrell Kennedy, who resigned last week.

Nelson came to the area in 1968, and spent four years as a line coach under Fred Houston at San Ramon. He moved to Monte Vista in 1973 to assist Kennedy in the same capacity.

Kennedy left the post for personal reasons, unrelated to the school or the football program.

When asked how he hopes to reverse the pattern established by last season's 1-7-1 overall record, Nelson said, "We've got good personnel returning from last year, and I've noticed real improvement on the part of a number of individuals, whether in Derrell's weight program or in P.E. classes. Now we've got to convince kids that they've developed well since last season, to convince them that they're not losers.

"This is a tough league to play in (The Mustangs were 0-4-1 in the EBAL last year). We want a program that will allow us to be competitive with the other seven schools. That's going to take a little work."

Nobody beats Chevy's prices on trucks like these.*

CHEVY STEPSIDE
Nobody beats our price on a full-size 6-cylinder pickup.

We're talking about our C10 model with the 250 Six and a 6½-foot cargo box, with a GVW rating under 6,001 lbs. The engine offers smooth overall performance using unleaded fuel. The truck can go farther now between tune-ups and other scheduled maintenance. And still offers many of the same Chevy value features as our famous Fleetside.

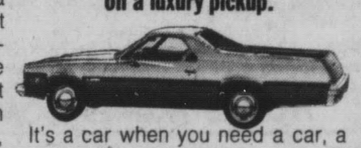
CHEVY FLEETSIDE
Nobody beats our price on a full-size V8 pickup.

And that includes a 350 V8 and a cargo box in the popular 8-foot size. Fleetside also sets high standards with features like Massive Girder Beam independent front suspension with coil springs, High Energy Ignition system and tough, double-wall construction in front fenders, hood, cab, Fleetside body panels and tailgate. Front disc/rear finned drum brakes are computer-matched to gross vehicle weight. Available heavy-duty chassis equipment provides a 6,200-lb. GVWR for C10 Chevy pickups.

CHEVY VAN
Nobody beats our price on a delivery van.

Forward-mounted engine leaves nearly 10 feet of unobstructed load space, even in this G10 model on the compact 110" wheelbase. Yet Chevy Van has a tight turning circle for maneuverability. And a wide-opening front hood for 27 fast and easy service checks. Our 250 Six is standard on 6-cylinder G10 models; a 350 2-bbl. V8 is standard on G10 V8 models.

EL CAMINO
Nobody beats our price on a luxury pickup.



It's a car when you need a car, a truck when you need a truck. El Camino puts it all together: good looks, good ride, responsiveness, and a 6-ft. pickup box with air-adjustable shock absorbers. This one has our available 250 Six; V8 power also is available.

SUBURBAN
Nobody beats our price on a six-passenger Superwagon.

This Chevy Suburban, a C10 model with a 350 V8, carries six people comfortably. Other versions seat nine passengers or, equipped for towing, move up to 14,500 lbs. including weight of trailer, people, luggage and Suburban. Because under that wagon style and wagon smoothness is a tough truck chassis.

VEGA PANEL EXPRESS
Nobody beats our price on a closed delivery truck.

It's easy to maneuver and park and very frugal with unleaded gasoline. It delivered 21 mpg in the city test and 31 mpg in the highway test according to the EPA Buyer's Guide (credit light weight and our standard 140-cu.-in. aluminum four-cylinder engine). Raise the liftgate, though, and you see a flat load bed with 68 cu. ft. for cargo. Now that's a *big* little truck.

Should 'Good Times' be fixture? Chamber debates issue

PLEASANTON - Should the "Good Times Parade" become a permanent valley fixture? - and would an every - other - year format give the host community a better chance to recover from each of those spectacles?

Pleasanton Chamber of Commerce debated the big parade, and other local festivities, in a free - swinging discussion at its Tuesday luncheon session. Created by KNBR Radio and actively supported by the chamber and the Jaycees in its 1974 and 1975 appearances, the parade has drawn mixed reviews in both of those years.

"Many business people spend all of that day guarding their property," was one comment. "There is very little customer trade on that day," admitted another merchant, but then adding, "we made up for it on Sunday and with new customers all that week." Some one wondered, "Who polled the downtown merchants to see if they really wanted the parade again?" Chamber president Ben Fernandez replied that "the chamber's board of directors and the Retail Merchants Committee both voted unanimously to stage the parade again this year, even though there were some reservations voiced."

A big question still unanswered is "how local groups came out financially" with the booths and concessions operated throughout Saturday, May 3, when some 50,000 people descended on Main Street and later that day on the fairgrounds. Early reports indicate "the Blue Birds made $1700 by selling KNBR T - Shirts," while "the Art Show had a poor day Saturday, but did very well on Sunday." The Pleasanton Bicentennial Committee reported gross sales (of Bicentennial Posters and aprons) of less than $300, where something over $3000 had been projected.

"We will have the full financial report within a week or so," Fernandez promised, adding that "it is certainly our intention that community groups come out okeh" with functions operated in conjunction with the parade.

One change that seems assured for 1976, even if there is a third G.T. Parade, is to move the Maid of Pleasanton Pageant away from that same weekend, and possibly even away from the open - air amphitheater at the fairgrounds.

While expressing his own support for the parade, Fernandez noted that "we need to start making our plans much earlier next year, and we also have to find ways for the community to capitalize on the whole thing."
